Office of Legislative Counsel

Thursday - 2 June 1960

6. (Unclassified - JSW) At the request of Senate Post Office and Civil Service Committee, Mr. Warner sat at the hearings of that Committee considering H. R. 7756, the Overseas Allowances bill. It had previously been indicated that we had no statement to make but would be available for questions since the bill did amend the CIA Act of 1949. Senator Yarborough chaired the meeting and Senator Fong was present. Roger Jones was the principal witness. Other witnesses included Dayton Hull of State and Leon L. Wheless and John A. Watts of DOD. The Committee seemed well disposed toward the bill and it seems likely that it will be reported favorably.
